

Providing quality support for foreign investment projects is impossible without professional translation of documents.

It is crucial that parties properly understand each other, and that is why our translations always precisely reflect the meaning of the source text and correspond to the relevant language rules with the use of legal terminology.

Our translations are reviewed for compliance with proper legal terminology and are always edited by a native speaker.

Translations

(English/Russian)

Legal opinions and memoranda

Corporate documents (charters, memoranda of association, certificates, licenses, minutes, bulletins, powers of attorney, policies and other internal documents)

Agreements of various types (lease, sale and purchase, distribution, non-disclosure, agreements based on FIDIC forms, etc.)

Documents connected with litigation and pre-trial dispute resolution (statements of claim, court decisions, motions, settlement agreements, etc.)

Legislative acts

Financial and accounting documents (forms, reports, opinions, explanatory notes, certificates)

PR materials

Personal documents (civil status acts, passports, certificates, letters of information, diplomas)

Verification and editing by a native speaker

Notarial certification of translations

Bilingual format, complex formatting if needed

Our basic rate for 1 text page (1800 characters with spaces) is 40 euro (in effect up to June 30, 2016), not including VAT. The price can change based on deadlines, complexity and other conditions.
